Host starts the clock // time

ROUND ONE: Drawers given the word, guessers given a category. Guessers have 60 seconds to guess the first round's phrase. After a phrase has been guessed, teams can swap to guess a new phrase. If neither the hints or the phone a friend works and 60 secs expire, then the other team has a chance to steal and can try to guess the word based off of what has been drawn already. Each team will get 2 phrases for a total of 4 phrases in round 1.

(PSA BREAK 1 -- 30 secs to 2-minutes)

ROUND TWO: (4 Clue Words that describe a secret word) Each team has 1 min 30 to draw and guess the second round's clue words and after a word has been guessed they can move

on to the next word, no waiting to think is included after the first word. A hint can be given at the host's call (should be between 15-30 sec of guess, not too often or generous). After 90 seconds expires, teams have an opportunity to use the clue words correctly identified to guess the secret word. 10 points for each correctly identified clue word and 30 points for secret word. Swap out teams and have the guesser come up and draw with the same rules as the first team. team one and two step away from the easel -- when the drawing is over-- and host will repeat the clues they have already guessed and have them try to guess --based off of the clues-- what the word is. *first team up guessing based on flip of coin* Other team can steal if the team cannot guess.

After time has been called, host comes up and explains the rules for round three (word types being used) Score should also be announced again.

ROUND THREE: 1 min 30 seconds to guess the second round's words and after a word has been guessed they can move on to the next word, no waiting to think is included after the first word. Once someone stumbles on a word, a hint can be given at the host's call (should be between 15-30 sec of guess, but not too often or generous) Swap out teams and have the guesser come up and draw with the same rules as the first team.

Scoring of the show:

If they get a word then the team gets a 10-points per word guessed.

If they 'phone a friend' (another team member) then five points will be earned for guessing

2nd Round: clues that are guessed (towards the key word) are worth 10 points. If the key word is guessed the team gets 30 points
